This book is a compilation of the best writing from the top classroom management blog in the world. It offers practical advice and strategies for teachers of all levels, from kindergarten through high school.

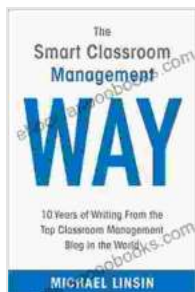

The book is divided into four sections:

- **Creating a Positive Classroom Environment:** This section covers topics such as setting clear expectations, building relationships with students, and creating a classroom culture of respect.
- **Preventing Behavior Problems:** This section offers strategies for preventing behavior problems before they start, such as teaching students self-regulation skills and using positive reinforcement.
- **Managing Behavior Problems:** This section provides guidance on how to handle behavior problems when they do occur, such as using logical consequences and restorative justice practices.
- **Special Education and Classroom Management:** This section offers strategies for managing behavior problems in students with special needs.

This book is a valuable resource for any teacher who wants to improve their classroom management skills. It is full of practical advice and strategies that can be implemented immediately to improve the learning environment for all students.
