Bloodworth's journey begins in a chicken factory, where he is forced to work in appalling conditions for poverty wages. He witnesses firsthand the physical and mental toll that this kind of work takes on the workers. He also

uncovers a culture of fear and intimidation, where workers are afraid to speak out about the abuses they suffer.

From the chicken factory, Bloodworth moves on to a care home, where he is shocked by the neglect and abuse that the elderly residents are subjected to. He witnesses staff shortages, inadequate training, and a lack of compassion that is truly heartbreaking.

Bloodworth's experiences in these low-wage jobs are a damning indictment of the way that the working class is treated in Britain today. He reveals a hidden world of poverty, exploitation, and despair that is often ignored by the mainstream media.

This book is a must-read for anyone who wants to understand the real challenges facing the working class in the 21st century. It is a powerful and moving account that will open your eyes to the hidden world of low-wage Britain.
