

How The Liberal Machine Brainwashed My Generation

Obama Zombies: How the Liberal Machine Brainwashed My Generation by Jason Mattera

★★★★☆ 4.5 out of 5

In his explosive new book, conservative author and commentator David Horowitz exposes the insidious liberal machine that has brainwashed an entire generation of Americans.

From kindergarten to college, our children are bombarded with a relentless barrage of propaganda that promotes socialism, undermines patriotism, and encourages victimhood. This book is a must-read for anyone who wants to understand the roots of today's political divide and how to fight back against the liberal brainwashing machine.

Here are just a few of the shocking facts that Horowitz reveals in his book:

- The National Education Association (NEA), the largest teachers' union in the United States, has been promoting a radical agenda of cultural

Marxism for decades.

- The College Board, which administers the SAT and AP exams, has been revising its curriculum to reflect a more liberal worldview.
- Major universities are now hotbeds of anti-Americanism and victimhood culture.
- The media is complicit in the liberal brainwashing machine, promoting a distorted and biased view of the world.

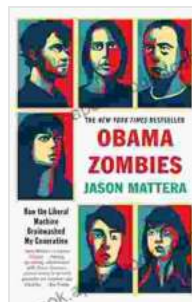

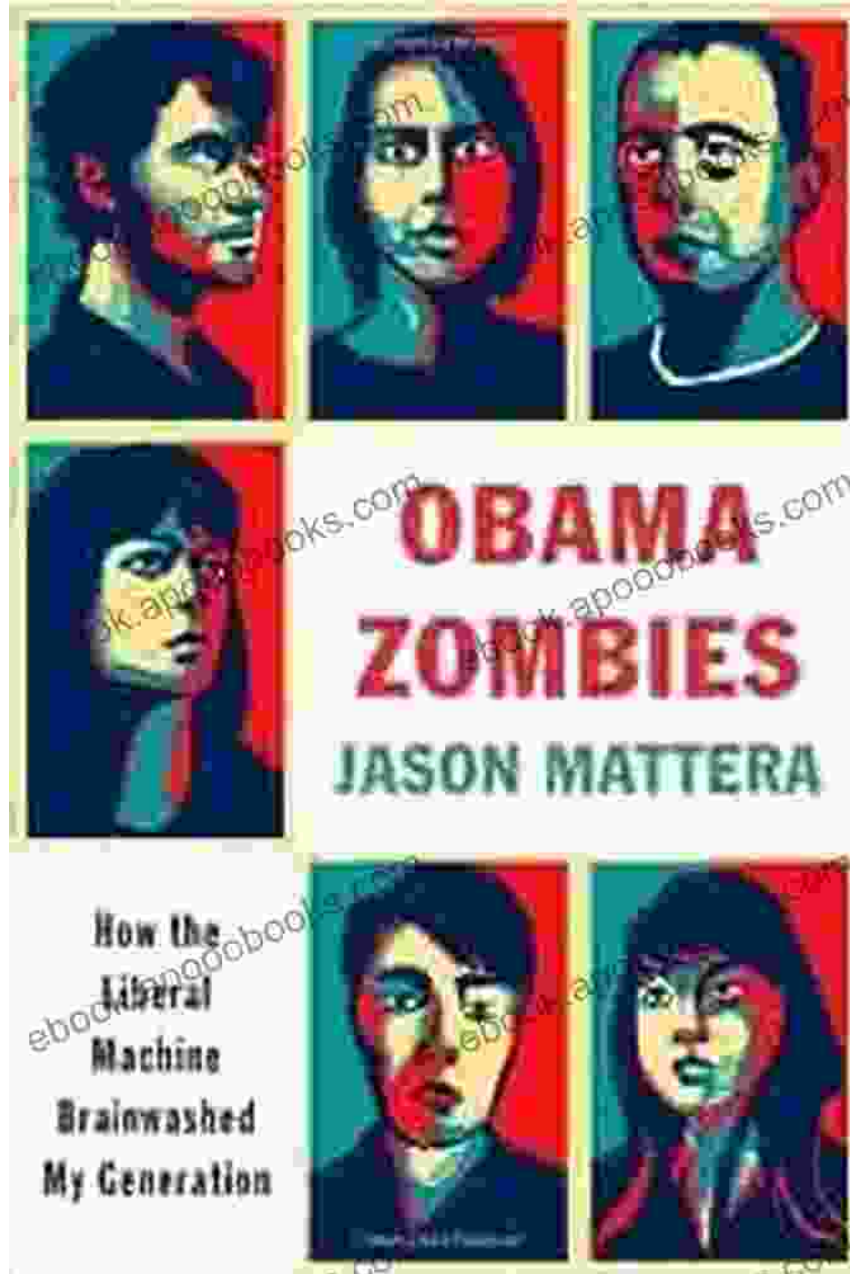

Horowitz argues that the liberal brainwashing machine is a serious threat to our country. It is eroding our values, undermining our institutions, and creating a generation of Americans who are unable to think for themselves.

We must fight back against the liberal brainwashing machine before it is too late. We must teach our children the truth about American history and values. We must support conservative organizations that are working to promote freedom and individual responsibility. And we must demand that our universities and media outlets be more balanced and fair.

David Horowitz's book is a wake-up call for all Americans who are concerned about the future of our country. It is a must-read for anyone who wants to understand the roots of today's political divide and how to fight back against the liberal brainwashing machine.
