

Murder, Inc.: The CIA Under John F. Kennedy

In the aftermath of the assassination of John F. Kennedy, the Warren Commission concluded that Lee Harvey Oswald acted alone in killing the president. But what if there was more to the story? What if the CIA was involved in a plot to assassinate Kennedy? *Murder, Inc.* by investigative journalist John Simkin presents a shocking exposé of the CIA's covert operations during the Kennedy administration, including the assassination of JFK himself.

Simkin's book is based on years of research, including interviews with former CIA officers and access to declassified documents. He reveals that the CIA was deeply involved in a number of plots to assassinate Kennedy, including the failed Bay of Pigs invasion of Cuba and the Operation Mongoose campaign of sabotage and assassination against Castro's

government. Simkin also presents evidence that the CIA was involved in the assassination of Kennedy's mistress, Marilyn Monroe.

Murder, Inc. is a must-read for anyone interested in the Kennedy assassination or the CIA's covert operations. Simkin's book is a shocking exposé that will change the way you think about the CIA and the assassination of John F. Kennedy.

The CIA's Covert Operations

The CIA was created in 1947 as a civilian intelligence agency to gather and analyze information about foreign countries. However, the CIA soon became involved in covert operations, including assassination, sabotage, and coups d'état.

During the Kennedy administration, the CIA's covert operations were overseen by Richard Helms, the deputy director of Central Intelligence. Helms was a close advisor to Kennedy and was involved in a number of the CIA's most controversial operations, including the Bay of Pigs invasion and Operation Mongoose.

The CIA's covert operations were often illegal and unethical. In 1975, the Church Committee, a Senate select committee investigating the CIA's activities, found that the CIA had engaged in "a wide range of illegal and unethical activities" during the Kennedy administration.

The Assassination of John F. Kennedy

John F. Kennedy was assassinated on November 22, 1963, in Dallas, Texas. The Warren Commission concluded that Lee Harvey Oswald acted

alone in killing the president. However, there is a growing body of evidence that suggests that the CIA was involved in a plot to assassinate Kennedy.

Simkin's book presents a number of pieces of evidence that suggest that the CIA was involved in the assassination of Kennedy. First, Simkin reveals that the CIA had a number of motives for wanting Kennedy dead. Kennedy was opposed to the CIA's covert operations, and he was planning to reduce the CIA's budget and to fire Helms.

Second, Simkin presents evidence that the CIA was involved in the planning and execution of the assassination. Simkin reveals that the CIA had a team of assassins who were trained to kill Kennedy. Simkin also presents evidence that the CIA was involved in the cover-up of the assassination.

The assassination of John F. Kennedy was a tragedy that changed the course of American history. *Murder, Inc.* presents a shocking exposé of the CIA's role in the assassination. Simkin's book is a must-read for anyone interested in the Kennedy assassination or the CIA's covert operations.
