

Who's Afraid of Black Indians?

Uncover the Untold History of African Americans and Native Americans

In a nation grappling with issues of race and identity, the history of Black Indians has long been overlooked. "Who's Afraid of Black Indians?" aims to rectify this historical omission, presenting a comprehensive and eye-opening account of the experiences of African Americans and Native Americans who have forged deep connections and shared a common struggle for freedom and equality.

A Tapestry of Cultures

Black Indians are a testament to the complex tapestry of American history. Their ancestry traces back to the transatlantic slave trade and the displacement of Native American tribes. Over time, these two marginalized groups formed alliances, intermarried, and created vibrant communities that defied the racial categories imposed by white society.

From the Seminole Indians of Florida to the Lumbee Indians of North Carolina, Black Indians have played a significant role in shaping the cultural and political landscape of the United States. They have fought alongside Native American tribes in countless wars and rebellions, and they have contributed to the development of unique cultural traditions that blend African and Native American elements.

Resilience in the Face of Adversity

The history of Black Indians is not without its share of hardship and oppression. They have faced discrimination from both white and Native American societies, and they have been subjected to forced removal, assimilation policies, and other attempts to erase their identity.

Despite these challenges, Black Indians have demonstrated remarkable resilience and determination. They have preserved their cultural heritage through storytelling, music, and dance, and they have fought for their rights through activism and political organizing. Today, Black Indian communities continue to thrive, serving as a testament to the enduring power of their shared history.

Challenging Our Understanding of Race

"Who's Afraid of Black Indians?" challenges conventional notions of race and identity. It shows that the boundaries between different racial groups are often fluid and contested, and that people of different backgrounds can form deep and meaningful connections.

By bringing the history of Black Indians to light, this book invites us to re-examine our understanding of American history and to embrace a more inclusive and nuanced perspective on race and identity.

Praise for "Who's Afraid of Black Indians?"

"A groundbreaking work that sheds new light on a forgotten chapter of American history. 'Who's Afraid of Black Indians?' is essential reading for anyone interested in race, identity, and the complexities of the American experience." - Ibram X. Kendi, author of "How to Be an Antiracist"

"A powerful and moving account of the resilience and determination of Black Indians. This book is a must-read for anyone who wants to understand the true history of race in America." - Roxanne Dunbar-Ortiz, author of "An Indigenous Peoples' History of the United States"
